Notable Work

WondrHealth 2022 - Present

Production Director

Led in-studio and virtual productions, overseeing pre-production planning, logistics, lighting, filming, and equipment operation. Managed creative development for video, audio, and photo content. Supervised studio facilities, equipment maintenance, and post-production processes, including editing and final delivery.

Senior Producer

Responsible for executing all aspects of end-to-end video & content production, including pre-production planning & logistics, lighting & filming during productions and editing through final delivery. I collaborate with the Executive Producer and teams to create a wide variety of content including long & short form videos, photography and podcasts.

Methods+Mastery 2020 - 2022

Senior Producer/Videographer

Produced, edited, and delivered video content for presidential campaigns and technology brands like Android, Chrome, and Google Area 120. Led Android Story Lab's shift to 100% remote filming in spring 2020 during the COVID-19 pandemic.

Weber Shandwick 2015 - 2020

Senior Producer, Integrated Production

Supervising multiple projects from concept to execution, I collaborated across the agency, with project managers, partners, and clients for integrated programs. Teams I managed across five North American studios instigated the use of new applications for internal efficiencies and brought innovative ideas to the forefront.

Producer/Editor II

Produced and delivered high-level client projects, ensuring brand messaging was effectively communicated. Collaborated with producers, creative and digital teams, and clients nationwide on all aspects of photo and video production.

Producer/Editor

Responsible for elevating production operations that brought digital cinema technology to our clients. Throughout this process I worked with internal and external production partners to execute video content for the U.S. Army, General Motors, BAE Systems, and Bank of America.
